Hello! My names Simon & I'm the wedding photographer here at South Coast Pictures.

I've always had a passion for photography, especially when animals are involved- however it was only when I became a wedding photographer I realised what that passion really felt like. In no other job could I be invited to spend a day celebrating with a couple & their families, creating a magical set of memories, where everyone is full of love, passion, fun and happiness. Its not work when you enjoy it that much

With my style the most important thing is YOU- 'The happier you are, the better your wedding photographys will be.' Almost every couple I work with say to us they don't want 'posey' photos, & that they want everyone to enjoy themselves- so thats exactly how the photography works, & we excell in achieving this with our 'Naturally posed approach.'

'Naturally Posed' is a friendly & unintrusive style of photography, where you quickly get used to having the camera around & enables you & your guests to relax. This allows me to capture stunning images where your personality shines through the photo. Its a particulary good approach for the dreaded group shots. There's no faffing, no bossing around or uncomfortable poses which speeds things up, whilst keeping the quality high and allows everyone to return to the celebrations quicker. After photographing the group shots you'd like, we take you and your partner to another picturesque setting, give you a few pointers & capture what develops between you. Most couples love this part as its one of the only times they get to be alone together all day!

As a retired professional photographer who knows the stress and pressure of wedding photography, I can't praise Simon highly enough for his excellent service, his professionalism throughout and the outstanding results. Simon has captured the story but more importantly the spirit and fun of our wedding perfectly.

- Rod Scott

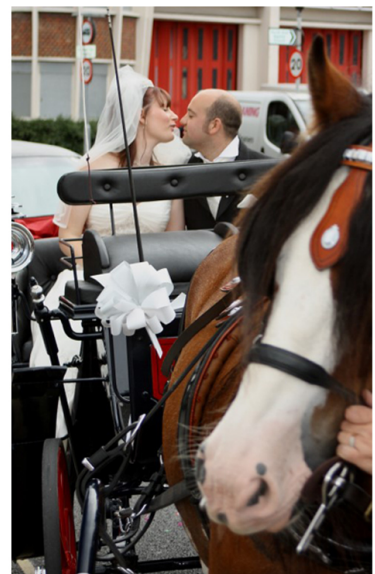

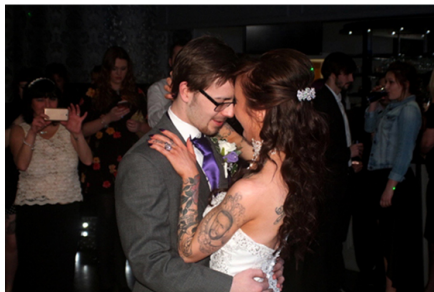

Wedding Photography

Our packages are designed with you in mind, and give you so much more than just a series of photos. Each package is fully flexible with no hidden charges, no hassle, and nothing to worry about.

Before the day we get to know you & exactly what images you want from your photography. We also have the option to keep your bank account happy with flexible payments & direct debit options.

At the event we have over 12 years' experience, so we know how to get the best photos in any situation and plenty of other wedding knowledge to help your day run as smoothly as possible.

Our package benefits keep going past the last dance as well! We don't agree with restricting your memories, so there are no limits on the number of photos you'll receive, and you'll have full usage rights to use the images how you wish. Finally let your guests re-live the day with our online gallery of all the best moments and images.

Photo Booth Hire

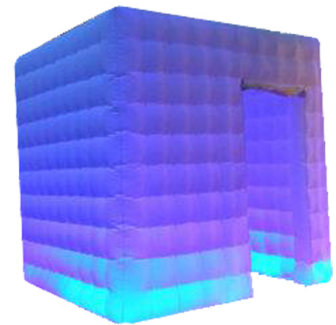

Photo Booths to fit any event!

Whether you've had enough of all the formal photos, want to create some unique memories, or just have mad, selfie obsessed friends then a photo Booth is a great addition for your event. Loved by all ages it will keep your guests laughing all night!

Our Oval Photo Booth is one of the best booths currently available- Compact, yet still holds 6 people at a time & packed with features. It comes with a choice of external surrounds & internal backgrounds so you can customise it to your event

If you're after a show stopper, then check out our Inflatable Photo Booth. This 3 meter cube has built in LED lights which change colour & has held up to 16 people at a time! Just make sure your venue is big enough to handle this booth first.

The newest booth in the range is our Open Photo Booth. A flexible height adjustable booth allows guests of all ages to get in shot easily, and with no walls to enclose you in you can fit the whole gang (and photo bomber) in!!

All our packages come with the following items:

- Fully enclosed booth
- Choice of booth
- Top of the range features & backgrounds
- Assistant throughout
- Unlimited guest visits
- Instant double prints per visit
- Guest Book
- Wide range of props
- Online gallery & USB of all images

Bronze Package- £250.00*

2 Hours shooting

Silver Package- £300.00*

3 Hours shooting

Gold Package- £350.00*

4 Hours shooting

*Kids Party Booth***

Looking for something different and fun for your childrens next party?

Then why not consider a Photo Booth with our specially designed kids package.

- 90 minutes shooting time
- Choice of booth & set up
